To make the most out of “HyperMotion Technology,” players can use Movement Tool to adjust the reactive controls of all their players. The adjustor slider can also be set to six different degrees of reactive control. Movement Tool also lets users toggle between control settings for individual players, allowing them to quickly change their defender’s positioning. In addition to HyperMotion Technology, Fifa 22 Activation Code introduces a new AI algorithm and hyper-speed match engine, which will provide more realistic ways of intercepting a pass or redirecting a throw-in. The AI will also utilise positional information more intelligently, and in games against human opponents, both teams’ players will be able to see the position of each other at all times. Features Key:

- New Player Experience - Live out your dreams as both a manager and a player in FIFA 22. Create your club, design your kits, style your stadium and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory. Or test your skills as a player, with a more immersive Player Career mode that gives you more ways to progress, achieve and immerse yourself in your Pro's journey through the game.
- Dynamic, Compound Ball Physics - FIFA 22 features a dynamic ball physics model that reacts to the unpredictable movements of players on the pitch. With a new physics engine layered over an updated LOD model, the ball will behave more realistically, absorbing and deflecting contact at the best times. And a more accurate response to the variable forces generated during an athletic move like dribbling, will give football a more authentic feel.
- Improved Ball Command and Control - Kick, catch, pass and shoot like a real Pro with RealPlayer Motion Technology. The combination of better physics modeling and compound kinetics allows a fully organic football experience unlike ever before.
- New Player Traits - EA SPORTS brings a huge range of Player Traits to FIFA 22, letting players bring their unique skills to the pitch and redefine a whole new level of customization and realism.
- New Player Awards - Pause the action during an award ceremony and choose a player's teammates to receive a Player Performance Award. Create and edit Player Awards to earn fame as a manager by recognizing a player for his performance, ability, style, and commitment.
- Trophies and the End of Season Awards - FIFA 22 ups the ante with trophies and more ways to give out awards to players and managers throughout the

year.

- New Player Progression model – Gain Respect, Funds, and improve your skills and attributes as you play.
- Head to Head Online Multiplayer – Compete with up to 4 players from all over the world in a new, more social-focused, multiplayer experience. Create your ultimate team of football players and put them on the pitch against other teams around the world.
- New Matchday Experience
- New Stadiums – Explore and enhance the stunning FIFA 22 experience with new stadiums to design, new kit styles to play in and new authentic player personalities to embody.
