#### Features Key:

- “Pace and mobility” have been re-engineered to give all players explosive tricks and dribbles over opponents. Goalkeepers now have more of an array of moves and throws, whilst new back-pass animations mean defenders better throw their skips
- “Move anywhere” helps players bend the rules to reach a ball no matter where they are
- New motion capture allows players to move in three dimensions, making juggling easier and more accurate
- “Hyper Motion 5” presents a new level of emotion to the feel of football, specifically the speed, acceleration and parries of players
- New face editing in UGC mode. Alternatively, create your own custom avatar in Create A Player mode
- New player tattoos – customise the look of your player with more tattoos
- New player celebrations – get the crowd on their feet with a variety of celebrations
- “Tactical Free Kicks” allows you to pick from a variety of free kicks including a new “Shot on goal” option and new penalty takers are now given the option of shooting at the sight of handballs inside your penalty area
- “Post Match Projections” takes you inside the action with a quick recap of the key moments of a match and optionally allows you to visualise the next challenge
- New Away Kit Creator tool in the Kit Pack helps you create a club’s new look
- New Pro Player Target System. Design your playmaker, scout for potential stars and download them into the target system
- Improvements to “Exclusive Skills”, one of FIFA’s most popular game features. Premium skills are automatically selected on live pitches, allowing you to throw players in with the ball.
- Exclusive FIFA Ultimate Team modes and features. The new “UEFA Champions League Squad Builder” allows FUT owners to join the UEFA Champions League squad builder via the “Build Teams” tab within the game. FUT players will also be able to sign players from the International break.
- Dynamic Reversible Kits. This year, FIFA teams will be able to display their treble-
