Sunlight does not exist in the dark world of the moon. But everyone has seen the bright rays that illuminate the moon at night. If you can find the missing pieces of the moon, the moonlight will be restored. Help Katrina solve the puzzles in order to save her professor before the moonlight fades into the dark. Help Katrina and her brother to find the hidden pieces of the moon, reassemble them, and restore the moonlight. The game play is like a scavenger hunt. Your job is to find the hidden objects. Solve the puzzles by connecting the scattered pieces together.

Enjoy the beautiful hand-drawn art work. You will embark on an exciting adventure! Can you reach the professor before the moon is full? simple and easy and even too easy, with a large number of hints and easy levels.

They also criticized the fact that the player has to search for a puzzle piece's location, then search for the rest of the puzzle piece to reach the next level. They ultimately recommended that players pick up the free samples of "Moon Light" in order to see the game for themselves. The AI war 2 factions are even better and will keep you coming back for years.7/10 Casual Players War AI War 2: Zenith Onslaught: The new faction system and some interesting twists to the AI War 2 factions allow for even more possibilities.7/10 Players Zenith Onslaught: The new enemy factions will have you coming back for hours.7/10 New Players AI War 2: Zenith Onslaught: The new factions are a lot of fun and allow a great many new gameplay possibilities.7/10 Overall AI War 2: Zenith Onslaught: AI War 2: Zenith Onslaught is an excellent expansion for both veterans and new players. VideosBattle Roundtable Zenith Onslaught's ship combat mechanics are some of the most unique and inventive I've ever seen. The factions are no longer the same flavors of the month. The AI War 2 factions are in another league. With dozens of new factions, new gameplay mechanics, and new minor factions, Zenith Onslaught is a meaty expansion that adds a substantial amount of life to the galaxy than ever before. the new mechanic of dropping small asteroids into enemy bases while invading will definitely bring some serious new tactics. Graphics-wise the ship models, upgrades, and starships have a new coat of paint and are refreshing. The AI War 2 factions are even better and will keep you coming back for years. Casual players can easily get some of the best ships in the game. Some of the faction AI's can be brutal. Zenith Onslaught adds a great deal of life to the gameplay. The dynamic mechanics, new ships, and new minor factions will give players dozens more hours of replayability. Combat Rules The combat rules are basically the same, but the new dynamic mechanics, ship combat mechanics, and minor faction mechanics all give the game a whole new feel. Faction Rules Faction rules: Every player has a player deck that they can use to customize their factions to their specific tastes. Every player's deck will have the same top five factions that they can use. Every time you play a game you will start with a random faction deck. Players will be limited to only one faction at a time. There are currently 25 factions that are available to choose from. Players will be limited
